

Private Consulting

PRIVATE SECTOR

Through its consultancy services, intends to support entrepreneurs and with a set of services in core areas such as finance, taxation, accounting, information systems and human resource management.

MANAGEMENT

In order to achieve the objectives with efficient and effective use of the available resources, we provide personalized support to the management of your company in the construction of new projects and internationalization processes.

HUMAN RESOURCES

Our mission is to support the recruitment and selection of candidates, the verification of employment incentives, the organization and preparation of the entire admission process, salary processing and the management of vacations and schedules.

INTERNAL CONTROL

Many managers aren't receptive to the application of control measures, as they don't see the positive results they can obtain. Internal control increasingly assumes central importance in companies, as it aims to contribute to greater management efficiency.

COMMUNITY FUNDS

We help in the management and monitoring of the entire application process, in the assessment of the framework and value of investment projects.

SNC

Accounting should serve as an additional control over your company's economic, financial and asset life, and we can help keep accounts under control and facilitate your decision making.

IMMOBILIZED

Its proper accounting, depreciation, amortization, inventory and even slaughter require a set of specific procedures, all of which is a reality to which we can help your company.

TAX OBLIGATIONS

We assist your company in several aspects, namely in VAT, IRS, IRC, Social Security, Stamp Duty, E-invoice, SAFT-PT, Model 22, IES, payments on account.

REPORTS

At each stage of the consulting, audit and/or Advisory we prepare a report about public institutions accounts, thus providing independent information and guarantees to decision-makers.
